

DANIELSON AND PUTNAM NEWS

DANIELSON

The Bulletin hastens this morning to correct an injustice to E. J. Gilbert of Brooklyn, at whose place of business officers made a raid in search of intoxicating liquors last Saturday. Instead of the half barrel of hard cider reported to the Bulletin representative by an official who was intimately connected with the prosecution of the case as being found in Mr. Gilbert's cellar only about three-quarters of a gallon of the cider was found there.

Mr. Gilbert said Monday that this barrel was kept in a building that he uses jointly as a store and as a place of residence. He did not have the cider to sell, he stated Monday, and felt that he had a right to possess for his personal use such cider as was found. Mr. Gilbert said he told the officials the truth about the matter and pleaded guilty to avoid long drawn-out and expensive litigation that probably would have freed him from a charge of violating the law.

As to Jamaica ginger, none of which was found at Mr. Gilbert's place, he declared that he has not had a bottle of it for a year and a half, that he is conducting only a legitimate business and that any complaints that may have come to official ears about his violating liquor laws were malicious and without foundation. In fact, Mr. Gilbert said with emphasis that he is engaged only in conducting a legitimate business, and that he has the confidence of the people of the village where he resides.

Monday was marked by a little series of accidents in Danielson's vicinity. Early in the morning the A. S. one car accident when Dr. J. N. Perreault's car skidded on the ice, covering the pavement on North Main street, near Stearns street, and switched across the trolley track in the path of the north-bound 648 car. In the collision a rear wheel of the automobile was damaged and the machine otherwise put in need of repair. The physician was not seriously injured. The physician was not at all injured.

Dr. Perreault was coming to his home from Goodenough just before the incident. He was about to pass another automobile traveling ahead of him when his machine started to skid on the ice and to do a complete revolution. The slowly approaching trolley car arrived within the range of action just in time to be hit by the rear end of his swinging automobile.

William Peper, an employee of the

YOU CAN SLEEP YOURSELF THIN

As natural, peaceful sleep gives rest, it will, of course, help you to gain flesh. But unnatural, sluggish, heavy sleep that arises from a bad condition of the organs, is not restful, and the sufferer grows thin and weak. A victim of the sleep that makes one thin describes it as follows:

"I first noticed blotches and pimples coming on my face. I used a lot of different skin preparations, but they did no good. Then there were dark circles under my eyes, headache, backache and gassy stomach. At this time the drowsiness commenced. I was sleepy and sluggish all the time, and was afraid people would think me lazy. At the end of two years, from the time my complexion commenced to get bad, my blood was in awful condition, and it seemed that my stomach and bowels had about stopped work. I was dizzy, had taste in my mouth—'a sleep'! Why, I almost fell asleep while working. I kept getting thinner and thinner, and was about ready to give up. This spoke Mr. Gus Olivero, a young business man of Gardner, Mass."

"But then, after two years of misery, the change came, and it came quick. The unnatural sleepiness left me in a few days, my blood cleared right up, the disgusting skin blotches disappeared; my stomach, bowels, liver and kidneys started going right. In less than two months I had gained fifteen pounds."

"What did it? Just two bottles of Sanatol, the Sensitive Tonic. That medicine is surely great stuff."

"I was in awful shape when my druggist suggested Sanatol, and had much faith in it. But I thought I might get it if you are not satisfied, come and get your money back. But you can bet I did not want my money back. I really believe that Sanatol saved my life. Have recommended Sanatol to a number of my friends and they all say it is working fine. For general debility, or any of the distinct troubles of blood, bowels, stomach, liver or kidneys there is nothing better than Sanatol. It is one of the famous Winsol line of medicines that have been noted for quality and effectiveness for nearly a hundred years."

All ambitious druggists sell Sanatol.

PAINS ACROSS SMALL OF BACK

Husband Helped in Housework. Lydia E. Pinkham's Vegetable Compound Made Her Strong

Foster, Oregon.—"I used Lydia E. Pinkham's Vegetable Compound for pains across the small of my back. They bothered me so badly that I could not work only with the help of my husband. On day he saw the 'ad.' in our paper telling what Lydia E. Pinkham's Vegetable Compound was doing for women, so I began to take it. It has helped me wonderfully. I am feeling fine, do all my housework and washing for seven in the family. I have been irregular too, and now am all right. I am telling my friends what it has done for me and am sure it will do good for others. You can use this letter as a testimonial. I will stand up for Lydia E. Pinkham's Vegetable Compound any time."

Mrs. WM. J. HUNKE, Foster, Oregon. Doing the housework for a family of seven is some task. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

White traffic on the Putnam-Webster trolley line was not heavy during the past week, when service was resumed after a lapse of nearly two years, those who are using the line find the convenience very great.

Motor vehicle operators here received on Monday their application forms for operators' licenses to replace those now in force and which expire on Feb. 22.

The nomination of Henry P. Fletcher, Under Secretary of State to be Ambassador to Belgium, has been announced from the White House. Mr. Fletcher has been in the diplomatic service for more than nineteen years. He was Ambassador to Mexico under the Carranza regime.

How Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous, Rundown Folks

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets for health with results which in many cases are actually astonishing. For this folk to gain five pounds or more on the very first package is not unusual. Complexions blotched with pimples, etc., are very often entirely cleared up in 10 to 14 days. As for increasing "pep" and energy, "apparent" "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

FREE! Mail coupon below for Amazing Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

Here Is The Secret!

Nature intended that you should have a well developed figure, with the clear skin sparkling eyes, strong nerves and rugged strength that goes with it. And if you are now thin and run-down it is because certain of Nature's laws have been disobeyed. Nature requires that you should have a certain amount of iron in your system. But these two essential elements are lacking in the modern diet. That is why so many of us are thin and run-down.

Yeast Best When Ironized

The thing to do is to supply this lack by taking with each meal two IRONIZED YEAST tablets which contain in highly concentrated form a specially cultured yeast grown under the strict supervision of medical purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition it contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health. These three vitamins bring excellent results even if taken alone—but when taken with a proper amount of healthy assimilated organic iron as in IRONIZED YEAST, these results are secured often in just half the usual time!

Watch The Results!

Note how IRONIZED YEAST immediately increases your appetite—helps you to get real joy out of every morsel of food you eat. See how quickly it drives away pimples, blackheads, etc., and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Each IRONIZED YEAST tablet wrapped airtight in waxed sanitation was made, thus assuring the highest purity and strength. Special directions for children. Go to your druggist or mail coupon today—NOW!

WARNING!

Not all yeast will give the desired results. There are certain types of yeast which have absolutely no value medicinally. By insisting on the genuine IRONIZED YEAST, and refusing cheaper imitations or substitutes you can be sure that you are getting the maximum benefit from treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

Note—IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

H. F. and A. J. DAWLEY

NORWICH, CONN.

Novak was charged with procuring and John Lukowich was charged with harboring conduct. The girls were Bernadette Brown and Stella Wozick, who were witnesses against the accused and who belong in this state. Lukowich was fined \$15 because of admission he made as to his guilt. The others pleaded not guilty. Judgment was suspended as to the two others.

The case of Andrew Yonchus of No. 142 Shippen street was then scheduled to be tried on the charge of keeping a house of ill fame. The case was postponed to a later date. George Lukowich was charged with soliciting girls for the place. There was a 13 year old Bloomfield girl in court who was to be a witness on the part of the state against the defendant. After the disposition in the Yonchus case and the case to Lukowich.

Death crews of the state entomological department have finished their winter's work in Woodstock. Throughout the winter they have been busy with the bodies of those who have died in the state. The department is now ready to receive the bodies of those who have died in the state.

Towns in this corner of the state receive the particular attention of the scouting crews because this territory is close to the Massachusetts border, and has by the state the most badly infested area of any in the country. A bad wind-spread the past year has complicated the fighting and restricting of the spray moth nest in this section. A very active work has been under way throughout the winter by the Connecticut forces. Five scouting crews are now at work in Windham county, as well as one federal government crew.

Agents of the commissioner on domestic animals who are operating in Putnam and surrounding towns have given warning that all dogs should be kept on leashes and their owners ordered into court to answer to charges of violating the dog laws of the state.

It appears that many owners of dogs are not aware that, under the law as it now stands, that it is allowed at liberty except on the owner's premises or abutting streets is regarded as roaming, unless accompanied by its owner or some person designated to have charge of the animal.

Under this law more than a dozen owners of dogs have been ordered into court in the towns of Plainfield and Killingly during the past week, and Putnam and other towns hereabouts are now to receive the same attention.

Where dogs are found roaming without collars or tags, the animals may be captured and possibly killed by the representatives of the state.

The cleanup of stray and roaming dogs is being carried out all over the state in order that men who desire to engage in sheep breeding or who already are so engaged may have assurance that their flocks will not be decimated by roving dogs.

Few dogs are to be found roaming in Putnam owing to the activity of Dog Warden Clark, but the warning is being issued in order that all who own dogs may know that they should not be allowed at liberty except as herein noted.

Miss Lucille L. Dixon of Providence and Vernet Pugh of the same city were married here by Attorney Arthur S. Macdonald, acting as a justice of the peace.

Miss Margaret Kennedy, daughter of Constable and Mrs. J. E. Kennedy of Mechanicville, is a patient at the Day Kimball hospital and doing well after undergoing a surgical operation.

G. Lawrence Perkins of this city and Pomfret has been a patient at the Day Kimball hospital for a few days.

The new license will cost \$3, an advance of \$1 over last year.

Thursday, the Feast of the Purification, there are to be special services at St. Mary's church.

Scores of young people were at the municipal skating rink on the high school grounds during Monday afternoon.

Town school committees from towns hereabouts will come to Putnam today (Tuesday) to attend an institute arranged by Commissioner A. B. Meredith of Hartford.

Today (Tuesday) is the last day this season on which pickers may be legally taken through the ice on lakes and reservoirs in Connecticut.

Ten on some of the ponds hereabouts has reached a thickness of 20 inches.

George M. Fine, who is associated with a Norwich advertising concern, is able to be out after being confined to his home here by an attack of grip for a few days.

There are some cases of chickenpox in Putnam, but the cases are said not to be numerous.

Stanton Eccleston, who has been with the Motor Supply company of this city, has become associated with the Putnam Motor company. Mr. Eccleston's home is in Williamstown.

Blacksmiths throughout this territory have been kept very busy during January, especially in fitting harnesses and calks, which every horse has required to get about on the icy going.

Several from here attended the concert given by the Bass-Clef in Norwich Friday evening.

The volunteer fire department of Yantic is responding to many alarm calls, month and proving themselves skilled at fire fighting. At the fire at Stanton W. Brown's Saturday afternoon they saved the framework of the barn fighting a stubborn fire in the hay loft. "Thick" fell with the floor when it collapsed, but no one was injured. While they were fighting the fire at Wightman's Switch a call came from Blue Hill, the home of Felix

VICKRIDGE—In Hanover, Jan. 29, 1922, James Edwin Vickridge, aged 98 years, 10 months and 23 days.

BURIAL—At Hanover, Congregational church Wednesday, Feb. 1, at 2 o'clock. Burial in Hanover cemetery.

LAMPHERE—In Norwich, Jan. 29, 1922, Mary E. wife of William C. Lamphere, at the home of her son, Albert M. Lamphere, at 445 1-2 Main street, Wednesday afternoon at 2 o'clock. Burial in Avery cemetery.

SATISFIED

Dr. Blumer Makes Good Again

MULTITUDES NOT ONLY ASTONISHED, BUT PROCLAIM NATUREOPATHY THE GREATEST HEALTH SCIENCE IN EXISTENCE.

The Elks' Hall Sunday Afternoon Was Jammed

Natureopathic Doctors Have Private Offices, 16 Franklin Street.

Dr. Blumer, the founder of Natureopathy, gave his final lecture and public demonstration in Elks' Hall. He showed a large audience that he can make good on all his claims for the wonderful science of Natureopathy.

Instantaneous results followed on every case treated.

The skeptics were amazed—the audience was right on its toes through the lectures which were attended by thousands of people, and at those lectures Drs. Wm. F. Hubbel and Gloria graduates of the Blumer College of Natureopathy, were introduced as the permanent practitioners in this city. The PUSH BUTTON IDEA embodied in the science and art of Natureopathy, which was publicly demonstrated on local people for nearly three weeks.

The results on the rheumatism, paralysis, the deaf, the lame and the crippled, were greater than the average person could comprehend. Physiological changes were manifested in less than five minutes—cures and cures were discarded and general benefits derived to an almost unbelievable degree.

Dr. L. Blumer, founder of the science, disclaimed this phenomenon as a miracle, stating that it was the outcome of purely scientific study and application, and that the same results could be obtained by each and every Blumer College graduate, and for evidence of the great number of Natureopaths throughout the country who in a short time had been successful in securing a patronage of over 10,000,000 (forty million) persons. The Blumer College graduates are producing precisely the same results as the public witnessed in the audience.

Everywhere Dr. Blumer appears he makes good. He does all of his graduate work. It is an old story. Old chronic cases of years' standing yielded to this Natureopathic treatment in wonderful shape.

The following interesting cases were treated the last two days:

An elderly woman was the first one to be treated. She suffered from paralysis of the lower extremities for eighteen years. After ten minutes' Natureopathic treatment this lady was able to walk for the first time in eighteen years.

A very remarkable case was that of an old lady from Joseph street, who had suffered agony and who has not had a night's rest in four years due to terrible pains in her head, fingers and legs. Her pains are now gone after ten minutes' treatment and she now knows what a peaceful night's repose means.

The next case treated was a young woman twenty-one years old. She has been blind since she was two days old. After a few minutes' Natureopathic treatment this young lady was able to distinguish between light and darkness.

The next case treated was an elderly gentleman who had suffered with rheumatism for seven years. After a few minutes' Natureopathic treatment his limbs became flexible and he said that all his pain was gone.

A little boy from Norwich, Town, who had been operated upon by a celebrated eye specialist, was left with a nervous affection and a constant shaking movement of the head and rolling up of the eyeballs. He received treatment from the doctor, after which he could gaze steadily at an object for several minutes. His vision having been tested, it was shown that he could distinguish colors more clearly. His rapid improvement excited the applause of the audience.

A lady living on Maple Grove avenue, who says that she had been suffering from rheumatism for thirty-one years was the next case treated. After twelve minutes' Natureopathic treatment she said, "Oh Doctor, I feel fine. All my pain is gone."

The next case treated was a young man living in Norwich, Town. He was deaf and dumb. After a few minutes' Natureopathic treatment he was able to hear and to utter a few words.

The next case was an old gentleman who lives on Chapel street in Norwich. He was suffering from pains in the spine and ribs due to an accident. After a few minutes' Natureopathic treatment he said, "The pain is all gone, Doctor." And so it was. Case after case, every one showing great improvement under the new health science.

Another lady, suffering from spine disease, was assisted to the office of the local Natureopath. In a few minutes she was so relieved that she fairly cried with joy.

The Natureopathic doctors have a private office at Room 212-214 Upper Building, 15 Franklin street, Norwich, Conn. After they will give consultation free from 11 a. m. to 8 p. m. every day.
